## THE JEWELLERY MUSEUM'S GIFT IDEA

Give culture as a gift!

Are you looking for a meaningful gift for culture lovers and museum enthusiasts, a gift that is unusual, sophisticated and long-lasting? Then you might want to surprise your family, friends or colleagues with a membership for one year in the International Society of Friends of Schmuckmuseum Pforzheim, ISSP.

For a start, the recipient will get a museum guide, and then will benefit from all the membership advantages for one year:

- Admission to the Jewellery Museum at the current reduced price
- Invitation to exhibition openings and lectures
- Invitation to special guided tours and special events
- Invitation to one- or several-day art trips with an expert guide (at the member's own cost)
- Regular information about exhibitions and events at the Jewellery Museum

With your gift, you also support the Jewellery Museum in its work because it's not least thanks to the Society's valuable contribution that the Museum is able to implement its programme and projects. The Society's support enables the Jewellery Museum to purchase new pieces of jewellery and to implement many projects, such as producing publications, staging lectures and other events, and offering special educational activities for children and young people.

Before the one-year gift membership expires, we'll ask the recipient whether he or she wants to continue the membership.

We're looking forward to welcoming new friends of the Jewellery Museum, and hope you and the recipient will enjoy many interesting visits to the Museum.
